Dear Anna:

The KI Chief and Council would like to take this opportunity, on behalf of the community, to convey our sincere appreciation and gratitude for your thoughts, prayers, and support during the KI6 Crisis last year.

Your support and understanding for the reasons why the KI leadership took this step in the protection of our lands and environment is highly commendable of you and the organization you represent. We will continue to fight for and protect our lands, waters, and environment for our children and generations yet unborn. Without your prayers and strong support, we would have lost the struggle for our freedom and the recognition of our sovereign right to protect what belongs to us as original inhabitants of this great land of ours.

Thank you and God Bless.

KI Chief and Council
